5300

cord-operated

for sheers or medium-weight curtains

stable & slim-looking

The Qurails 5300 track is a stable, slim-look design cord-operated track. The curtains glide smoothly virtually without sound. Using the cord to open and close the curtains keeps the fabric clean. A very popular track that can be used in a wide variety of situations, such as private homes, but also in office buildings and in the care sector.

- The ideal track for sheers or medium-heavy curtains.
- Easy to bend and exceptional quality.
- Can be forward or reverse bent in different radii.
- Compatible with the Qurails Flow System for regularly pleated curtains.
- The cords can run through enclosed channels to ensure they remain invisible and cannot tangle.
- Silent and smooth running, also round bends.

Flow

The Qurails Flow System keeps pleats in curtains consistent. It can be used with small and wide channel tracks and, because of the broad assortment of components, it can be integrated in hand-drawn, cord-pulled and electrically operated systems.

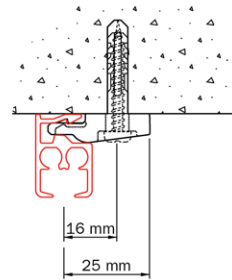

The Flow System can also be used with curved curtain tracks. For further information, see the Flow product data
