2904

hand-drawn

for light and medium-weight curtains

One rail, many possibilities

2904

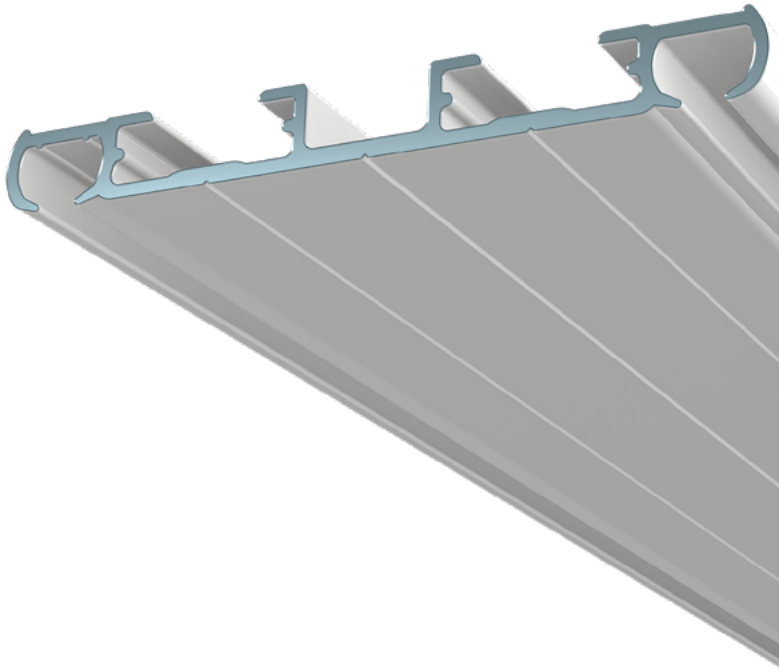
hand-drawn

for light and medium-weight curtains

versatile & discreet

The Qurails 2904 multichannel profile is the ideal track for combining sheers and main drapes. Mount just one track to have two rail channels which run parallel to each other. Because of the low profile height of 8 mm, the track is barely visible. The track can be quickly and easily mounted on a ceiling or in a window opening.

- The ideal track for combining sheers and lightweight or medium-heavy curtains.
- Concealed ceiling mounting.
- Silent and smooth running.
- Often used in hotels



Standard colours

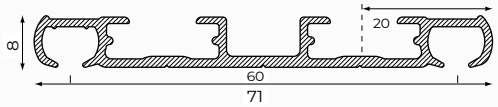
High quality, wear-resistant coating, highly colourfast, UV-resistant.
Other RAL colours & special coatings on request.

Features

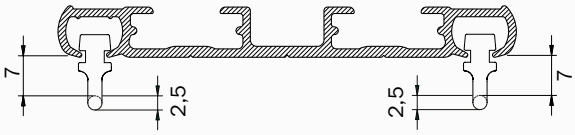
Material:	aluminium
Colour:	white
Dimensions:	8 x 71 mm
Weight profile:	488 gr/m
Mounting:	ceiling

Profile/glider specifications

Aluminium profile:



Glider:



Colours with RAL code and lengths (m):

	RAL	4	5	6	7
white	9010	●		●	

Mounting surface:

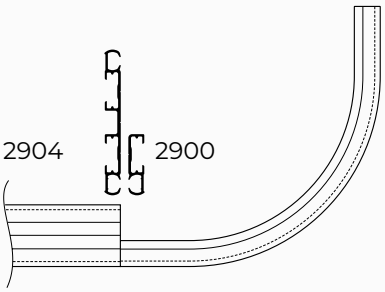
- wood
- masonry/concrete

Bracket type:

- screw mounting

Bending:

The 2904 cannot be bent; a separate return bend can, however, be mounted on the front channel of the 2900. The minimum bending radius of the 2900 is R20.



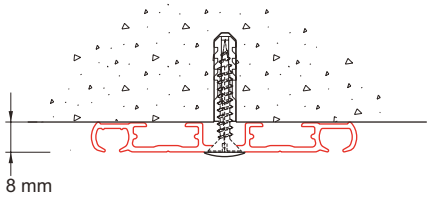
combining wide profile 2904 with 90 degree return 2900-R-W, connected via rail connector 2952.

Specification guide

Material

- Aluminium EN AW-6060-T66.
- Anodised in accordance with the Qualanod standard.
- Powder coated in accordance with the Qualicoat standard.

Mounting



Ceiling mounting of a pre-punched 2904 with 2914-WD screws with white caps.

Mounting guideline

The distance between the brackets can vary depending on the following factors: the mounting surface (wood, concrete or plaster), the weight of the curtains and the curtain fabric production method, the specific application and the system usage intensity.

General advice: with the curtains open, place additional brackets where the pleats bunch together. Also place additional brackets before and after bends.
