Durable curtain track with practical possibilities

4100
cubicle curtain track
for care institutions

sustainable & practical

The Qurails 4100 cubicle curtain track can help in dividing a hospital ward into multiple, temporarily separated areas to guarantee the privacy of patients and caregivers. Qurails has more than 35 years of experience and would be glad to assist you in devising the optimal solution tailored to the requirements of your hospital, medical centre or nursing home. Our products design complies with NEN hygiene and safety standards and can help you reduce the cost of operation.

- Suitable for all partitioning curtains.

- Can be forward or reverse bent in different radii.

- Dust strip prevents the accumulation of dirt and simplifies cleaning.

- Suitable for mounting cubicle curtains in accordance with NEN1010.

- Silent and smooth running, also round bends.

- Suitable for use with a Load Release System.

- Wear-resistant comfortable glide, safe, anti-molest (LRS-gliders), room-divider.

Standard colours

RAL 9010 white	natural anodised	RAL 9005 black

High quality, wear-resistant coating, highly colourfast, UV-resistant.
Other RAL colours & special coatings on request.

Features

Material: aluminium
Colour: white, natural anodised, black
Dimensions: 34 x 15 mm
Weight profile: 405 gr/m
Mounting: wall or ceiling

Profile/ gliderspecifications

Aluminium profile: **Glider:**
Colours with RAL code and lengths (m):

	RAL	4	5	6	7	7,5

R 30 cm	1015
R>80 cm	1018

Specification guide
Material
- Aluminium EN AW-6060-T66.
- Anodised in accordance with the Qualanod standard.
- Powder coated in accordance with the Qualicoat standard.

Application example

This drawing illustrates under what conditions a hanger tube 4064 are applied, and under what conditions a suspension hanger suffices. Important for sideward stability.

Example of a room with 4 beds and the 4100 system:

Load Release System

The Load Release System (LRS) ensures that the track detaches from the fixing points when subjected to brief peak loads. The track can subsequently be put back in place without having to use any tools.

The system components are designed in such a way that they can be combined with Qurails track 4100. For further information, see the LRS product data sheet.

Standard parts

Curtain transport

4001-M-N-60
end stop metal
with eye natural
and RVS hook

4002
end stop metal

4003
